

To Whom It May Concern:

With great excitement the Wilbur Curtis Company announces their brand new online training classes. Partnering with Prime U 24/7, WCC has developed an online training module that allows service technicians the ability to be a certified Level One Curtis technician without the need of attending costly training seminars.

Those registering on or before May 1, 2011 will receive a special introductory price listed below. You can register today to lock in the low introductory rate, and then take the class at a later date.

The pricing structure for the class is listed below. Please review this information carefully. Curtis will be providing your company with \$125 parts credit as each technician completes the course successfully. We would like to see high participation from the technician within our certified technician network.

Online Training Program: \$150  
Early Sign-Up: (-\$25)  
**Sub-Total: \$125**  
Curtis Parts Credit\*: (-\$125)

**Grand Total: \$0**

\*Upon successful completion of the course.

After May 1, 2011 the early discount will no longer be in effect but you will still be eligible to receive the parts credit upon successful completion.

To sign up for the course, please use the direct link found at [www.wilburcurtis.com](http://www.wilburcurtis.com). To qualify for the parts credit please use the discount code: WCA180X

Please contact your local Curtis sales representative for more information, or call/e-mail at 1(800) 421-6150 ext. 2324, [curtistraining@wilburcurtis.com](mailto:curtistraining@wilburcurtis.com).
